FOR VICE PRESIDENT:

MASHINGTON, July 11.

SENATE.

Mr. Wilson called up the bill providing for the discontinuance on the first of January next of the Freedmens' Bureau, which was passed. Its substance has been published.

The bill declaratory of the laws relative to officers cashiered or dismissed from the army was passed.

The bill to fund the national debt and for the conversion of the notes of the United States was taken up. The question was on the amendment reported by Mr. Sherman, from the Finance Committee, providing for the issue of 20, 30 and 40 year bonds-bearing interest respectively at 5, 4½ and 4 per cent per annum, to be exempt from taxation in any form. Said bonds to be exclusively used for the redemption or purchase of an equal amount of the present interest bearing bonds of the United States, other than 5 per cent bonds and 3 per cent per grifferes to be issued to any bonds of the United States, other than 5 per cent bonds and 3 per cent certificates to be issued to any amount sufficient to cover the principal of all outstanding obligations, with the exceptions named. The amendment provides for the annual appropriation out of Custom House receipts, of \$100,000,000, to be applied to the payment of the interest and reduction of the principal in lieu of the present sinking fund. It makes the new bonds and any lawful money of the United States exchangeable for each other at the treasury, unless the amount of outstanding bonds of the United States shall be equal to \$400,000,000, or unless specie payment shall have been resumed. Finally, it legalizes contracts specifically payable in coin.
